Short CV of Prof. Dr. Donald Huisingh

e-mail- dhuisingh@utk.edu

Education:

<u>University of Minnesota, St. Paul</u>: Bachelor of Science in Science Specialization (*Summa Cum Lauda*) with majors in Chemistry, Genetics and Horticulture. Dec. 1961.

<u>University of Wisconsin, Madison: Ph.D.</u>in June 1965 with majors in Biochemistry and Plant Pathology.

Current and Recent Professional Affiliations

- a. <u>Unitelma Sapienza University, Associate Researcher of the Bioeconomy in Transition</u>
 Rseearch Group (BIT-RG), in Rome, Italy, 2018 and on-going.
- b. <u>Visiting Professor at ICN Business School, Nancy France, 2018 and on-going.</u>
- c. <u>Visiting Professor at Linköping University, Environmental Sciences Division, Linköping</u> 2018 and on-going.
- d. <u>Senior advisor at the Institute for a Secure and Sustainable Environment(ISSE):</u>

Senior Scientist in Sustainable Development, August 1, 2001 to the Present, at the University of TN, Knoxville, TN, U.S.A. (Officially retired but as of 2016 he is still guiding two Ph.D. candidates and is senior advisor to the department chair of ISSE)

e. Central European University, Budapest, Hungary,

Guest Professor of Cleaner Production and Sustainable Development, 2005 to 2010.

f. <u>International Institute for Industrial Environmental Economics:</u>

Professor of Cleaner Production and Sustainable Development, July 1997 – August 2001, at the International Institute of Industrial Environmental Economics (IIIEE) at Lund University, Lund, Sweden.

- g. Visiting Professor of Cleaner Production and Sustainable Development, September 2001 to the Present time at the International Institute of Industrial Environmental Economics (IIIEE) at Lund University, Lund, Sweden.
- h. Erasmus Universiteit Center of Environmental Sciences, Rotterdam, The Netherlands:

 <u>Professor of Environmental Sciences, Cleaner Production and Sustainable Development, August 1989</u>

 July 1997 at Erasmus Universiteit, Rotterdam, The Netherlands.

He was the Co-Founder of the "Erasmus International Off-Campus Ph.D. Programme on Cleaner Production, Cleaner Products, Industrial Ecology and Sustainable Development,' 1995. He continues to work within that program and is presently, guiding eight Ph.D. candidates within the program.

Professional Strengths

Dr. Huisingh is skilled in interdisciplinary education and holistic approaches to defining and solving society's problems so that effective and equitable progress can be made toward Sustainable Societies.

He is skilled in course and curriculum development and curriculum evaluation in topics ranging from Sustainable Development and regional sustainable development to more detailed issues such as: toxic use reduction, life cycle thinking, industrial ecology, pollution prevention, eco-efficiency and eco-effectivity.

He also addresses issues such as the philosophical, ethical, and political implications of improper ecosystem management, human population growth and human capacity building, human empowerment, trans-gender, trans-generational, trans-ethnic and trans-regional equity.

He is actively involved in multi-dimensional approaches to "Accelerate the Transition to Equitable, Sustainable, Post-Fossil Carbon Societies.

He is the founder and Editor-in-Chief (EIC) of the Journal of Cleaner Production (JCLP) for twenty-three years. On December, 31, 2015, he retired as EIC and became, Editor-in-Chief, Emeritus of the JCLP, which has an Impact factor for 2017: 5.85.

Dr. Huisingh's Professional Publication Activities:

Professor Huisingh is the author or co-author of more than 300 professional publications, audio-video productions and simulations in a wide-array of environmental dimensions since 1955.
